HOUSE OF REPRESENTATIVES

REGULAR SESSION OF 2015

ROUGH DRAFT
JOURNAL

FIFTIETH DAY

APRIL 21, 2015

OFFICE OF THE CHIEF CLERK

BT

All Mini and Rough Draft Journals are provided as an informational service only and are not intended to replace the permanent bound version of the House Journal which is the official certified record. The daily Mini Journals and Rough Draft Journals are subject to correction and approval, and should not be relied upon, quoted or cited as an official record.

*The **Mini Journal** is produced for each legislative day and shows all action which took place on the Chamber Floor, including all bills and resolutions introduced, referrals, readings, all motions and votes, and Governor's Messages and other Communications. The Mini Journal does not include verbatim floor remarks or announcements made.*

The Mini Journal is generally available the next legislative day following each day's session and may be obtained at the House Printshop.

*The **Rough Draft Journal** includes verbatim floor remarks, written remarks, announcements and introductions made on the Chamber Floor. Copies of the Rough Draft Journal may be obtained at the House Printshop as they become available.*

*The **Mini Journal** and **Rough Draft Journal** may also be obtained at the House of Representatives section of the legislative website. www.capitol.hawaii.gov*

*The **bound version of the House Journal** is the official certified record of the proceedings of the House of Representatives. Once certified, the official permanent record is published and bound after the close of the Regular or Special Session of the Legislature.*

FIFTIETH DAY

Tuesday, April 21, 2015

The House of Representatives of the Twenty-Eighth Legislature of the State of Hawaii, Regular Session of 2015, convened at 11:37 o'clock a.m., with Vice Speaker Mizuno presiding.

The invocation was delivered by Pastor Owen S. Tanoue of Auwailimu Congregational Church, after which the Roll was called showing all Members present with the exception of Representative Ito, who was excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Forty-Ninth Day was deferred.

DEPARTMENTAL COMMUNICATIONS

The following departmental communication (Dept. Com. No. 83) was received by the Clerk and was placed on file:

Dept. Com. No. 83, from the Office of the Auditor, dated April 9, 2015, transmitting the financial statement audit reports for FY 2014 for the Department of Education; Department of Health, including the Drinking Water Treatment Revolving Fund and Water Pollution Control Revolving Fund; and the Department of Human Services.

INTRODUCTIONS

The following introduction was made to the Members of the House:

Representative Oshiro introduced students from Trinity Lutheran School in Wahiawa: Justin Byrd, Connor Carson, Justin Godbout, Alex Grinnell, Halia Hanzawa, Corban Hodge, Desirae Kahapea, Min-Kyoung Kang, Jasper Loeb, Rachael Myers, Isabel Rivet, Kanoa Sawai, Celine Shimonishi, Emily Smith and Saydee Velasco; chaperone, Ms. Elizabeth Kahapea; and teacher, Mr. Paul Krueger.

At 11:42 o'clock a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:06 o'clock p.m.

ORDER OF THE DAY**SUSPENSION OF RULES**

On motion by Representative Evans, seconded by Representative Tupola and carried, the rules were suspended for the purpose of considering certain House Bills for Final Reading by consent calendar. (Representatives Cachola, Ing and Ito were excused.)

FINAL READING

At this time, the Chair stated:

"Members, if you can turn to page 2, House Bill 1075 will be deferred one legislative day."

H.B. No. 1075, HD 2, SD 2:

By unanimous consent, action was deferred one legislative day.

Representative Saiki moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans and carried: (Representatives Ing and Ito were excused.)

H.B. No. 253, HD 2, (SD 1)
H.B. No. 279, HD 2, (SD 1)
H.B. No. 1099, HD 2, (SD 2)
H.B. No. 1272, HD 2, (SD 2)
H.B. No. 1286, HD 2, (SD 2)
H.B. No. 1325, HD 1, (SD 1)
H.B. No. 1410, HD 1, (SD 1)
H.B. No. 1412, HD 2, (SD 1)

H.B. No. 253, HD 2, SD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, H.B. No. 253, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO VACCINATIONS," passed Final Reading by a vote of 50 ayes, with Representative Ito being excused.

H.B. No. 279, HD 2, SD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, H.B. No. 279, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO REAL ESTATE BROKERS AND SALESPERSONS," passed Final Reading by a vote of 50 ayes, with Representative Ito being excused.

H.B. No. 1099, HD 2, SD 2:

Representative Saiki moved that H.B. No. 1099, HD 2, SD 2 pass Final Reading, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote and a brief comment. Mr. Speaker, this is about putting advertising on a soccer bulletin. I know the Mayor tried it on buses so that we could make some money by advertising. This is the slippery slope of advertising, and I think if this occurs this is the camel's nose or foot in the tent, and from there advertising will be everywhere.

"We always say businesses are our environment and our environment is business. If we really want to preserve the beauty of Hawaii, I don't think advertising soccer field boards or buses or bulletin boards or blimps or all of those that they've created where they tried to get under the tent or in the tent, and this is another attempt to get into the tent. For those reasons, Mr. Speaker, I don't think it's a good policy. It's not the Hawaii of the future that we're looking for, nor do we envision. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1099, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO OUTDOOR ADVERTISING," passed Final Reading by a vote of 47 ayes to 3 noes, with Representatives Thielen, Tupola and Ward voting no, and with Representative Ito being excused.

H.B. No. 1272, HD 2, SD 2:

Representative Saiki moved that H.B. No. 1272, HD 2, SD 2 pass Final Reading, seconded by Representative Evans.

Representative Tokioka rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I'd like to ask that the words that I presented into the Journal on Third Reading be inserted into the Journal for this reading. I'd also like to thank the CPN Chair and the JDL Chair in the Senate, the Economic Development Chair and the JUD Chair in the House, and especially to my office staff who worked so hard on this bill for the last two years, and especially Rich Silva who is my Office Manager in the gallery right now. Thank you very much, Mr. Speaker," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and H.B. No. 1272, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO MOVIE THEATERS," passed Final Reading by a vote of 50 ayes, with Representative Ito being excused.

H.B. No. 1286, HD 2, SD 2:

Representative Saiki moved that H.B. No. 1286, HD 2, SD 2 pass Final Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I'm voting for the bill but I have serious reservations about the provision that refers to liquefied natural gas. Mr. Speaker, like my colleague from District 41 said, by using LNG we're exporting the pain. I don't think that it's a good image for Hawaii, and I'm sorry that LNG provision stayed in the bill. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, America is blessed with the largest natural gas reserves in the world. Note, in the world. Hawaii has a chance to take advantage of that by getting inexpensive gas here. But what does this bill say? It says you can only use natural gas if it's cost effective, transitional, and limited term replacement. If we put restrictions on anything we brought into Hawaii with these standards, we'd probably have nothing here.

"Mr. Speaker, the point is if we're going to give our consumers a choice, if we're going to give them an option, this is like saying, yeah we want to do renewable energy but look we're going to let you do solar but you can't do geothermal, or you can do geothermal but you can only do it for about a certain amount of years.

"Mr. Speaker, this is a very narrow-minded bill. Its pro-HECO, and I know my colleague is contrary to that opinion. Why we limit LNG, in case it takes off and we have huge savings on our electrical bills, why would we not want to do that? So why would we want to preempt it by putting these clauses, these poison pills, if you will, into the bill prematurely, precociously, and prejudging what LNG otherwise is simply a propane case at City Mill or Home Depot. So, Mr. Speaker, this is not a good policy and for those reasons I'm against it. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, in support, Mr. Speaker. And very briefly, just in a nutshell, I stand in support saying the importance of this bill is protecting Hawaii's consumers. For decades now, unfortunately we have been locked into imported oil for our electricity generation. Even back in the late 70's during the oil crisis when prices were through the roof and supply was not

as available as people had hoped, spiking prices. Hawaii at that time looked at eliminating our dependence on imported oil and moving into more indigenous sources of renewable energy, even back then.

"Had we done that at the time, we could have saved our local residents tens of billions of dollars that we've had to pay out of our own pockets to pay for electricity in the years since. Tens of billions of dollars. That's not up for debate, that's the truth. And what we're looking at today is a turning point, where we have an opportunity to seize the change in the energy market as our utilities begin to adapt to renewable energy, as we meet our state energy goals for renewable power.

"And what this bill does is say, if we're going to move ahead, if the utilities are going to move ahead, then think of that long term. Don't invest in the short term, supporting an infrastructure that's been in place for decades or could be in place for decades that would enable a continued dependence on a fuel whose future volatility is unknown. At least plan ahead. Plan ahead and think to the future because any way you cut it, producing our own power locally is going to save us all money. It's going to save us, even in the case of LNG, the billions of dollars we'd still be expending every year to pay for our electricity generation needs.

"So, Mr. Speaker, this bill does just a couple of things. One, it says, in the long term we want to eliminate our dependence on imported fuels. Because that's how we grow jobs locally, that's how we support our economy locally. Just look at our solar markets, solar PV over the last eight years has created thousands of local jobs, fostering an industry that never before existed, and it's done so right here by reducing our dependence on imported oil and imported fuels.

"Secondly, Mr. Speaker, this bill talks about being more efficient in the use of electricity in our public infrastructure. Being more efficient, using less, saving taxpayer dollars, saving money.

"Third, Mr. Speaker, it says that if the utilities are going to do liquid natural gas and import that. And right now I want to be clear that there is nothing in state statute that prevents that from happening for any reason. We're just saying, if you're going to do it, do your due diligence and make sure that when you're planning ahead, you plan to look beyond that, to the long term investment that we're going to have to make in the local renewable energy that is far cheaper even today per kilowatt hour than LNG produces power. So let's start thinking ahead.

"Lastly, Mr. Speaker, and most importantly, what this bill says is that we ought to plan to look at utility models that put the interest of local ratepayers first. And that is the most important thing that this could possibly do, because that looks out for the interest of ratepayers, whether you're talking about energy costs, whether you're talking about utility models, whether you're talking about LNG, oil, or renewable energy. All of this is determine at the PUC, in our State Energy Office, and plans yet to be designed in the future. And this says, design them right. Look out for consumers first, look out for cost first. Thank you very much, Mr. Speaker."

Representative Ward rose to respond, stating:

"Brief rebuttal, still in opposition. Mr. Speaker, the one thing that I would assure all of us as Americans, that we have, as I said earlier, the world's largest supply. There's not an unknown future about LNG, not like oil. LNG does not have a volatility factor, that the previous speaker indicated. We have certainty that LNG is going to be here. In fact, if LNG replaced the petroleum that we import we would save money immediately.

"So to say that we are gambling on something, we're picking a winner here to say that LNG is a bad bet. Where as in effect, what we've got is a renewable energy which this Body has given much support and rhetoric to, but, Mr. Speaker, as I look up into the lights here, there's only 3% of this electricity coming from solar energy. Three percent. The renewables are still trying hard to catch up, and this is another way of diversifying the portfolio to bring the consumer cheaper prices, not more expensive prices. And right now as long as LNG is in large supply and inexpensive, this is good for the people of Hawaii. Not forever and ever, but this is a way for transitioning into the future. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Just a couple of things. First of all, I'd like to point out that LNG today in this state, yes, it's considered to be very cheap. But I want to keep the Member's attention to the mandates that have been passed by the EPA on all of our ports, our transportation, everything calling for clean air mandates to be set in stone, and they're upon us. Which means you're going to have ships and trucks and transportation shifting to LNG fuels *en masse*, because it is a fuel that will allow them to meet these mandates right away and because it's cost effective.

"The whole being, when you have this mass shift to the transportation sector, you're going to see prices go up, Mr. Speaker. And that's why the cost effectiveness language is a protection to the consumer, and it's also a guide, and this is just a broad policy guide, not a mandate that says, when you look LNG, look at the universe. Not just in the one sector of electrical generation, because this transportation demand could make LNG not pan out, especially when you look at the incredible infrastructure cost it could be associated with bringing them here. So that's why I stand in support. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1286, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Final Reading by a vote of 46 ayes to 4 noes, with Representatives Kong, McDermott, Tupola and Ward voting no, and with Representative Ito being excused.

H.B. No. 1325, HD 1, SD 1:

Representative Saiki moved that H.B. No. 1325, HD 1, SD 1 pass Final Reading, seconded by Representative Evans.

Representative Say rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, strong reservations."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. Mr. Speaker, I forget the number but this was middle class bill killer, maybe it was number five or four, but it's a middle class killer bill. It could be number one.

"The problem is, this is another tax on the people of Hawaii. We already pay for sewer fees. And the strange thing about this fee is that we're not really sure how it's going to be applied or executed, and the most logical and the best way that I've heard so far is you're going to do a Google Earth of everybody's house, and you're going to see how much cement they've got and how much run off is then going to be predicted. So you're going to get a runoff quotient of which then you're going to bill them, which we're not sure how they're going to bill them. But, Mr. Speaker, the cost of living for the middle class, or anybody who is even a renter, is going to up because of this bill.

"Now granted, storm water is the biggest pollutant that we've got ruining our 'āina. Now that is true, and we've got to do something, but instead of going massive across the State, let's pile it to get a handle on how to do it, and not just mandate something blindly as we're doing here. So I hope that we'll have our druthers about doing something that we really don't know how to do it. We know the cause of storm water and the problem, but how we're going to solve it I think is mistaken, the way we've got it here. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 1325, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO STORMWATER MANAGEMENT," passed Final Reading by a vote of 44 ayes to 6 noes, with Representative Say voting aye with reservations, with Representatives Fukumoto Chang, Kong, McDermott, Pouha, Tupola and Ward voting no, and with Representative Ito being excused.
